

The Catalyst Canada Honours

Celebrating Champions of Women in Business

In 2000, Catalyst Canada set forth on a mission to expand opportunities for women and business. We convened and counselled our corporate membership. We conducted research and aimed to inspire.

Be the **Change** You Want to See

Now, on our 10th anniversary, we are proud to recognize three leaders who embrace our mission as their own and whose personal and visible commitment to the advancement of women is exceptional.

To celebrate these champions, please join us at the inaugural dinner of The Catalyst Canada Honours.
