

Catalyst Europe and UBS invite you to a kick off 'Live-Thinking' event

Leveraging Women's Networks for Business Success

We would like to welcome employees of Switzerland-based Financial Services firms to a special half-day event to highlight how women's networks – particularly in the Financial Services sector – contribute to business and individual success.

The aim of this session is to share best practices on corporate women's networks and explore the launch of an "Inter-Financial Services Network" to better connect women in client facing and commercial roles. In addition to a Catalyst Europe presentation, best practice examples and a facilitated panel discussion, the event will include ample time to discuss opportunities for networking and innovation.

Date	Wednesday, December 3
Time	8:00 – 13:30 (includes breakfast and networking lunch)
